

Task B

Part 1: Write a 'related fact' web like the ones shown on the video for $8 \times 6 = 48$ using lots of different connected multiplication facts.

Part 2: Complete **I know... so...** questions. Say how the multiplication facts are linked:

$$6 \times 5 = 30$$

$$9 \times 5 = \boxed{}$$

I know 6×5 is 30 so
 $9 \times 5 = 45$
 $3 \times 5 = 15$ which is half
of 6×5 and double $15 = 30$
 $5+5+5+5+5=30$
 $9+9+9+9=45$

$$4 \times 8 = 32$$

$$7 \times 8 = \boxed{}$$

I know 4×8 is 32 so
 $7 \times 8 = 56$
 $8 \times 8 = 64$ which is double
32. $32 \times 2 = 64$
 $8+8+8+8=32$
 $7+7+7+7+7+7+7=56$

$$6 \times 9 = 54$$

$$12 \times 9 = \boxed{}$$

I know 6×9 is 54 so
 $12 \times 9 = 108$. 108 divided
by 2 = 54, which is 6×9
 $9+9+9+9+9=54$
 $12+12+12+12+12+12+$
 $12+12+12=108$
